## DESCRIPTION

RT 2008 – revolutionary cable pulling device - the perfect problemsolver guarantees full striking force.

**Content:** RT 2008 Basic unit with 5 attachments, 2 plug in curcuit boards, 1 belt clip and RUNPOGLIDER spiral MET – 15 m in the system case of RUNPOTEC compatible to Sortimo®.

**Optimal application:** Pipe-Ø 16 mm - 32 mm. When using the RT 2008 use only the RUNPOGLIDER spiral MET (metal spiral). Through the integrated clamping jaws an the telescopic bar, the RT 2008 enables an incomparable feed of the spiral. Due to the linear guidance, the applied muscle power can be transferred directly to the spiral.

In addition, the RUNPOGLIDER spiral MET can be rotated by means of the third clamp and the ratchet function. This allows a continuous feed even with narrow radii and longer distances. From lengths of 20 m RUNPOTEC recommends the support of a cordless drill.
