

ROLL-OFF RAILS AS 900

In a 2-part set

Art. no.: 10142

SPECIFICATION

RRP / excl. VAT

ART. NO.	10142
PRICE €	€ 787,50
LENGTH	900 mm
WIDTH	152 mm
HEIGHT	100 mm
WEIGHT	22 kg (in a 2-part set)
MAX. DRUM WEIGHT	1700 kg (wooden drum)

DESCRIPTION

The roll-off rails AS 900 are designed to safely roll off heavy cable drums featuring dimensions of 480 mm to 2000 mm.

The robust stainless steel/aluminium construction with high-quality, maintenance-free, ball-bearing-mounted, heavy-duty rollers ensures a long service life.

The roll-off brake ensures that drums can be changed simply and quickly.

Their narrow two-part design means they can easily be used in narrow locations.

The roll-off rails are especially recommended wherever various types of cable need to be processed next to one another in a short space of time.

APPLICATION VIDEO:

A short but highly informative application video can be viewed by scanning the QR code (top left) or visiting www.runpotec.com.

ADVANTAGES

- **High-quality construction**
Stainless steel/aluminium construction with long service life
- **High-quality, maintenance-free, ball-bearing-mounted heavy-duty rollers**
- **For cable drums with**
Ø 480 mm to Ø 2000 mm
- **A roll-off brake ensures changing cable drums is quick and simple**

INFORMATION

Alternative roll-off system:

X-BOARD XB 500
